DETAILED ACTION

Applicant's amendment filed on 2/28/05 has been entered. Accordingly, claims 1, 10, 16, 17, 18, and 19 have been amended. Now, application is in condition for allowance.

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: Applicant's amendment and accompanying remarks has persuaded the examiner to place this application in condition for allowance.

Claim 1 is allowed because the prior art of record failed to teach or suggest a headlight apparatus having a headlight unit and a headlight casing in which the casing is attached to a two wheel vehicle, the headlight unit having an air intake port in the headlight case, and an air exhaust port at remote position, and a gap between the headlight case and the headlight unit forms an air path for introducing air from the intake to exhaust port. Claims 2-9 are allowed because being depended on base claim 1.

Claim 10 is allowed because the prior art of record failed to teach or suggest a headlight apparatus having a headlight unit and a headlight casing in which the casing is attached to a vehicle, the headlight unit having an air intake port in the headlight case, and an air exhaust port at remote position, and a gap between the head light case and the headlight unit forms an air path for introducing air from the intake to exhaust port. Claims 11-18 are allowed because being depended on base claim 10.

Claim 19 is allowed because the prior art of record failed to teach or suggest a headlight apparatus having a headlight unit and a headlight casing in which the casing is attached to a vehicle, the headlight unit having an air intake port in the headlight case, and an air exhaust port at remote position, and a gap between the head light case and the headlight unit forms an air path for introducing air from the intake to exhaust port. Claim 20 is allowed because being depended on base claim 19.
